

## Operating and Safety Instructions

### CHAINSAW - PETROL

#### USES Cutting Wood

#### PRE CHECK

Fuel tank is full (2stroke 50:1 mix)  
Chain lubrication oil (chain oil)  
Remove Chain Protector  
Check chain tension

#### STARTING

Engage chain brake where applicable - move Stop/Start switch to on. Cold Start - pull out choke.  
Warm start - push choke in - depress throttle trigger and lock into place with throttle lock.  
Place left hand on handle and right foot into rear of handle.  
Pull starter cord lightly until slight resistance is felt - give short sharp pull - when engine fires push in choke  
Once engine is running release starting throttle lock by squeezing trigger - disengage chain brake where applicable.  
If engine floods.. Push choke in. Depress throttle fully and pull on starter cord until the engine clears itself of excess fuel and fires. Once running disengage chain brake keep on full throttle until engine is running smoothly.

#### OPERATION

Always hold saw firmly with both hands.  
Always keep a slight downward pressure on saw when cutting - release pressure when coming to the end of a cut  
Using spiked bumper against the wood will help to hold saw steady for a more accurate cut  
When you fill with petrol fill chain lube tank at the same time with bar lube

#### STOPPING

Move stop start switch to off  
Engage chain brake  
Refit chain protector

#### SAFETY PRECAUTIONS AND EQUIPMENT

Periodically check chain tension. Adjust by loosening bar securing bolts and tightening with the adjusting screw  
Always carry saw with blade to rear and stopped.  
Do not drop start, place saw on ground.  
Do not stand over or directly behind saw when operating or use in the presence of children  
Using the end of the saw for cutting causes kickbacks

#### HAZARDS

Do not spill fuel, cut overhead, cut light material (ie. Bamboo, hedges etc)  
Do not cut into ground (ie. Dirt, cables, pipes, stones) Check overhead wires.  
Beware of falling branches other than those being cut.  
Beware of long hair and loose clothing, domestic animals

#### Personal Protective Equipment
